

Haldon Forest Park

The Forestry Commission's pioneering activity trails at Haldon provide 20 miles of safe, off-road access for walkers, cyclists and horse riders, including play and sensory trails. The Forest lies on a ridge south of Exeter and dominates the skyline for miles around. It covers an area of 3500 acres (1400 hectares) mostly planted with coniferous woodland, but encompassing areas of broadleaved trees, streams and dramatic views to Dartmoor, Exeter and the Exe estuary.

Exhibition: Games People Play: Part One
6 April-30 September

Exhibition launch: all welcome
Good Friday 6 April, 2-4pm

2.30pm - Introduction to the exhibition with Hilary Bracegirdle, Heritage Lottery Fund Committee for the South West and Adrian Seville, historian of printed board games. Refreshments.

Games hold a mirror to civilization; they build bonds, trust and strengthen social relationships.

For the Cultural Olympiad, CCANW is exploring - through a range of exhibitions and activities that are participatory and fun - what games can tell us about 'human nature'; and how a deeper understanding of the advantages of cooperation can help us all to address the needs of the planet at this time.

Indoors, the exhibitions are presented in two parts. The first shows a selection of remarkable early board games - some of which may be played - which were intended as guides to moral improvement or general knowledge, war games devised by Guy Debord and H.G. Wells, and documentation of unusual local games, past and present.

CCANW is grateful to the Heritage Lottery Fund for its support of *Games People Play*.

The second part of *Games People Play* (6 October–24 February 2013) will focus on photography and video by contemporary artists which use sporting imagery to make some wider comment on life today, and on the new generation of video games designed to address social and environmental challenges.

From mid-April you can read a new article, ***Games People Play: Re-thinking Human Nature through Co-creativity*** on www.ccanw.co.uk. Written by Clive Adams, CCANW's Director, it was commissioned for engage 29, Spring 2012, ed. Karen Ranev. Versions will also appear in issues of *Resurgence* and *WEM* magazines.

Performance: Guy Debord's *The Game of War*

Saturday 18 August, 7-9pm

Admission £3. Booking advisable.
Refreshments.

Devised by Guy Debord and played on a replica of his 1977 design for the board game, *The Game of War* is a Napoleonic era military strategy game where armies must maintain their communications structure to survive.

Debord (1931-94) was the chief strategist of the *Situationist International* movement and author of the critique of consumer capitalism: *The Society of the Spectacle*. After the French May '68 Revolution, Debord devoted much of his life to developing what he regarded as his most important project: *The Game of War*.

Class Wargames is a multi-disciplinary group of artists and academics who will present these two participatory wargames. www.classwargames.net

Performance: H.G. Wells' *Little Wars* **Sunday 19 August, 2-4pm**

Admission £3. Booking advisable.
Children free. Refreshments.

Devised on the eve of the First World War, *Little Wars* is a simulation of the inter-imperialist conflicts of the Victorian heyday of the British Empire. For Wells, *Little Wars* wasn't just a game – it was his attempt to prevent the catastrophe which was about to engulf Europe.

By playing each other in mock combat, activists could demonstrate that there were less damaging – and more enjoyable – outlets for our competitive instincts than the butchery of the battlefield.

Summit: The Home & The World 19-21 June, Dartington Hall

The Home & The World, organised by Aune Head Arts, brings together challenging and creative people and ideas to examine the world and how we live in it. How do we find our place – our home? Join us to explore how artists and others offer up creative questions, solutions, homages, and celebrations.

As a supporting partner of the Summit, CCANW is contributing participatory events led by Tom Russotti of the Institute for Aesthetics, part of our *Games People Play* programme. There will also be a session on *Soil Culture*, CCANW's collaboration next year with University College Falmouth.
